

Spark of Life™

Daily Nutritional Drink

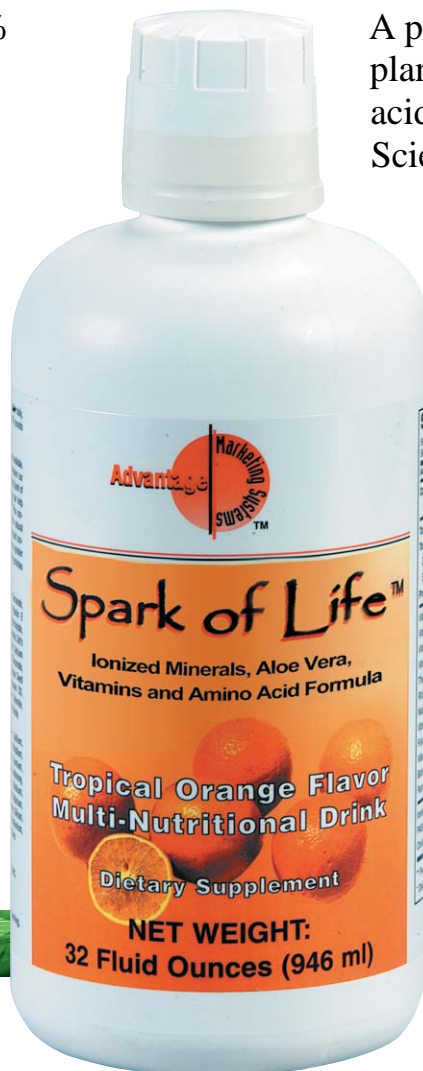

Super Nutritional Liquid

**The Most Complete Liquid Dietary Supplement Available.
Today's Best Technology in One Nutritional Supplement.**

- Minerals are necessary for 95% of your body's daily function
- The body cannot live without minerals
- Because of the metallic content of vitamins in pill form the necessary components in vitamins and minerals never reach their intended destination in the body

Your answer to nutritional requirements for good health is Spark of Life™

In simple terms...
your body gets what it needs - everyday!

A powerful combination of vitamins, plant-derived ionized minerals, amino acids, essential fatty acids, and herbs. Scientifically designed, in a liquid formula, to meet today's nutritional requirements for maintaining energy and sustaining health. Maximum absorption and assimilation of vitamins and minerals in the body.

The minerals in the Spark of Life formula are bound to a protein molecule with Fulvic Acid. The minerals reach maximum assimilation through the addition of a carbon molecule.

Bet your vitamins can't do that!

Vitamins

Vitamin A
Vitamin C
Vitamin D3
Vitamin E
Vitamin B1
Vitamin B2
Vitamin B3
Vitamin B6
Vitamin B12
Beta Carotene
Choline Bitartrate
Folic Acid
Inositol
Niacinamide
Panthothenic Acid
Pyridoxine HCl
Riboflavin Phosphate
Thiamine HCl

Minerals

Boron Citrate
Calcium
Chromium Picolinate
Copper Chelate
Fulvic Acid
Iodine
Magnesium
Manganese
Molybdenum
Selenium
Sodium Benzoate
Potassium Citrate
Potassium Iodide
Vanadyl Sulfate
Zinc

Ionized Trace Minerals

Aluminum
(naturally occurring)
Arsenic
(naturally occurring)
Barium

Enzymes

Coenzyme Q10
Antioxidant
Grapeseed Extract
Additional Herbals
Aloe Vera
Stevia Extract
Amino Acids
Para Aminobenzoic Acid
Whey Protein Isolate

Spark of Life™

Daily Nutritional Drink

The Spark of Life™

Spark of Life™ is a powerful combination of vitamins, ionized minerals, amino acids, an essential fatty acid, and herbs scientifically designed in a liquid formula to meet today's nutritional requirements for maintaining energy and sustaining health. Spark of Life™ can help with weight loss situations by giving the individual the nutrition needed for proper function while increasing metabolism (with AM-300™ or AM-300 Ephedra Free™), cutting calories, and exercising.

Minerals are life-sustaining and necessary for 95% of the body's daily functions and must be obtained from outside sources. Along with vitamins, they work as coenzymes in the body, enabling it to perform activities needed for regulating metabolism and assisting the biochemical processes that release energy from digested food. They support the proper composition of body fluids, the formation of bone, blood cells and healthy nerve function.

Some of the benefits of a mineral-rich diet include: high energy levels and better assimilation and utilization of the foods we eat and the supplements we consume. Minerals create an enzyme necessary for vitamins to function. Because these minerals are suspended in a liquid form in the Spark of Life™ formula, they are absorbed through the walls of the intestines and colon at a much greater rate than minerals in a tablet form.

What Makes Spark of Life™ different than other mineral Supplements on the market?

Fulvic acid, when combined with minerals, allows the minerals to return back to an organic state. Fulvic acid activates the minerals just as they were in nature. Fulvic Acid has also been shown to rid the body of inorganic minerals.
